This will mean that "Pop" must have eight quarter-rule men whom he can count upon with reasonable certainty, for the popular trainer will not send a team that do so. How Lainigan will make his relections for this number of quarter and half-milers and yet leave other men for the sprints and other events in the Washington meet gives rise to much speculation among the athletes. The team going to Washington will number possibly eighteen or twenty, and with the four in Boston this will open a number of places for the promising runners, some of them comparatively new men.

Of last year's relay team, Boyle, Berkeley and Wallerstein are missing, and their places will have to be filled by new men. Captain Todd has been out every afternoon that the weather permitted, and will held his old position on the relay. THE REMEDY → FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. Is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. Is lust such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure.
